Aww, poor little IAmFenix won't be able to use his custom Bighead anymore
Well, guys, seems clear to me that we should stop developing TT, cuz otherwise IAmFenix will be pissed
I'm glad the models will be blocked again like they were with rengaurd.
I'm tired of people running around with glowing c4, see through doors and pink panther characters, and not thinking it's a cheat or HUGE advantage

This i agree 100% with it needs to be stopped dead in its tracks! Fn cheaters that think there no advantage*sigh* ya right!.

If you got it and the other guy dont its a cheat or advantage no matter how you wanna look at it!
