spoony yes, but I didn't notice it at n00bstories. clearly the pointsfix isn't the only factor... perhaps jelly moderators and admins treating players like absolute shit for no reason might have something to do with it too? just look at the way they treat me, despite the fact i've done absolutely nothing wrong.

cmon....

only coz 1 mod and an old reg treated you doesnt mean that the whole jelly staff act like this. you did see that clearly as the mod got demoded.

the player-loss has nothing to do with this.

do you really think the mods started to act like bullshit as we started with the pointmod, and stopped with it as we inserted the weapon spawn?? roflmao.

the players left j1 and played in other jelly servers, where the same mods was involved...

pls, dont try to let it look like a conspiracy against the pointmod. its a fact that the pointmod did empty j1.

greetz telly ^^
