There's nothing wrong with crosshairs and puremode should acknowledge that IMO...personally, I love the default crosshair and am quite glad that it's offered in UT2K4's options . It all boils down to personal preference and nobody's getting an unfair advantage by using a cross instead of a circle. Other skins either give you an unfair advantage or lower the game's nostalgic appeal...so you're either a faggot or the type of guy that wears white socks when wearing a suit because he doesn't know any better...Philistine phaggot.
