195cm here. Not exactly large here in the Netherlands.

yeah dutch women are like horses

What? Since when am I female? Or what do you mean? That dutch girls are tall?

In that case you're right, my gf is about 180-185cm I guess.

yes what i meant is about the dutch women. the girls over here are not that tall, between 160- 175 cm.

and i am 180 cm.
