ditto here! I just loved Star Trek and my favorite chars were Kirk and Spock. I really loved the Romulan alien race with their cool looking green spaceships.

As for Star Wars, I think it's a good story but err...this is my 10th year here in the US and I still don't feel like watching Star Wars!

And besides, Battlestar Galactica ramake by far is seriously the most awesome sci-fi show EVER imo!
