You have no soul. It's pop culture. It's a 'must experience in life' type of thing. You don't have to like it or be addicted to it.. just watch it.

It's a movie, just like any other one. What makes simply watching either Star Wars or Star Trek any different from any other movie? You don't have to be a "geek" to enjoy it, nor lack a life. The only time the term "no life" applies is when it becomes a religion. (Owning action figures, comics, multiple DVD versions, being able to recite every line, ect.)

Simply bashing it for no reason just makes you look like an ignorant moron and only hurts the respect that people give you when they listen to your judgments.
