Quote:EWD also configured me this one:

[http://azerty.nl/winkelmandje/winkelmandje/?legen=1&product\[226358\]=1&product\[225949\]=1&product\[225309\]=1&product\[236271\]=1&product\[213070\]=2&product\[232820\]=1&product\[33476\]=1&product\[235982\]=1&product\[9448\]=1](http://azerty.nl/winkelmandje/winkelmandje/?legen=1&product[226358]=1&product[225949]=1&product[225309]=1&product[236271]=1&product[213070]=2&product[232820]=1&product[33476]=1&product[235982]=1&product[9448]=1)

Seeing your budget this would be a fantastic PC.

Although if you really go for gaming you can better have some more GHz in your CPU. I dont know if the i7 has more but i believe not so just stay on that

And i would ususally go for NVidia videocards but this card is good too.
