Ok to clear up some things; we do not blame mrackz for posting that, he can do that if he wants to at our website. Please don't blame the website because of one person. We have a great site and do not wish to create any form of creating "enemies". I'll send mrackz a message to please not talk about hacking other sites or renegadeforums, etc.

We live in peace with you!

I never talkd about Madrackz's post: we actually expect him to spread things like this. I refered to one of your administrators aprooving (hence encouraging) of madrackz's childish "bragging".
