Holy shit, why did no one tell me about this thread...these fuckboys are even dropping my name like they want some!

I can't put into words how warm and fuzzy this discussion makes me. I don't think any of you assholes will disagree with me when I say that we can all remember several occasions where we argued/flamed just for the sake of arguing/flaming and the drama was one of the reasons why we stuck with this game for so long. What up Wiskey, you will always be a snake to me, but your girl isn't ugly and I should've never went there...I come across as some kind of community boogyman in this thread, but that's the only time I broke my flaming ethics code. My other targets should really be able to laugh about this stuff in hindsight...

I've never seen pics of Hitman, Zell or Simpee ...even though I once acted like Darkoli send me Simpee's pic and flamed him for it lmao
