JohnDoe wrote on Fri, 13 November 2009 00:27gj chrome...guess I would use it if I still had windows. I remember it lacked that feature months after release, so I went back to firefox.

I got Chrome like the second week of it's release and haven't really bothered updating since, and I've got the feature. Either you're outright lying on can't figure out how to work the middle mouse button (From all your Mac usage, I'm sure).
