Goztow wrote on Sat, 21 November 2009 10:00This is actually Danpaul's release, but seeing as he hasn't posted it in the release forum but posted it in the mod forum, I thought I'd make a topic about it.

Direct download link: here

What it does: see spoony's topic about this

Original topic: here

Now we just need server op/owners to implement it?
