Halo >

Nah, there's definitely nerdier. And, I don't find Alyx to be all that hot, personally... And plus, he was kinda responsible for the whole end of the world scenario, and hasn't exactly save it yet... so, yeah, that's kinda why it's actually somewhat decent.

Lastly, the fact that he DOESN'T talk means we don't have to sit through 40 fucking hours of cutscenes about how love can bloom on the battlefield or some stupid shit.
