Half Life 2 barely has a story at all! The entire game being given little information, then getting from point A to point B to learn a little more information, then going from point B to point C.

The only reason why it's good is because of what I mentioned above.

You could probably put the entire HL2 story on 1 or 2 pages of paper it's so short. If you were to put Halo's story on paper, it would reach dozens. Maybe even into the hundreds.

Also, Halo isn't just about Master Chief. He's just some guy who ended the fight. The war goes on for decades before Master Chief is even born.

HALO IS THE PINNACLE OF MEDIOCRE.
