Being in our last phase of dev before the release of script 4.0, we are recruiting people such as:

- 1) mappers (1 to 3)
- 2) test leader (1)
- 3) testers (20; maybe more)

If you are interested, send me an email (renardin@gmail.com) and your references on your previous experiences.

To give you an idea of how the mod is functional now, here is a run trough of our current internal beta. It needs maps and players! (this beta isn't running last script 4.0 beta so it may not give the best visual result)
