Ever accuse me of cheating again ill fuck you up you get me? kthx.

[If you think im pissed your right. I dont take to kindly when i get accused of cheating.]

Matt, come to my house and say that. I would be the one to fuck you up. If you read, I have had complaints about the name you used. I acted on it as precautionary measures. I also didn't accuse you in public now did I?

Sit back and think how many others got kicked/banned from good servers because they had a good game. Yes you are good. Also, you rarely play on my server so the name wasn't familiar. People made complaints, I acted. That is how this system we have right now is working. The screen shot request may help in that. What happened to you(non-cheater) and a person I suspect is using a cheat is why I came up with this. I hope other servers adopt this policy also before they enable a ban.
