The tourney was a great idea and a huge feat to pull off. I certainly hope there will be another one soon as what we have all learn from this one we can apply to the next one.

We as a team had a great load of fun, and would certainly want to do it again. I think our team would be better organised and equiped next time around

Please maybe consult with the comm leaders of each community on how to ebtter organise a new tourny sometime soon!

thanks guys
