Matt.

Is this one of your nick? Itsnip0r That was the name that your IP resenbled according to MsgtPain's database. From the way you are going off I thought it may have been. Then I thought about it... Aprime didn't give you the whole story did he?

Here it is:

Quote:Itsnip0r 103 kills and 13 deaths. 9702 points and MVP in one game. I know the clan LT's history of cheating. I am not sure if he is with them, but he is banned. IP 80.5.**.** (Avg 103 kills a game) Using Pains database I found a possible match.

Performed an IP Search on 80.5.**.**

UKsXtrmX 80.5.**.**

But like they say, the database isn't a 100% match either. I only banned the IP I got, and the name that was on my server Itsnip0r. Just in case.

I will drop it from here. I think some people misunderstood my post in the Server Owners Forum. Again the reason why I came up with this.
