JavaxcxfkaosMy opinon/advice.

My Dad was a Ranger (He's a matanence/instructor Pilot now for UH-60s), he'd tell me all his war stories. The only advice he ever gave me is, If I ever join the Rangers, don't get a wife.

Yes. Family life tied in with Military life is VERY stressful for the family. If you have a wife, make sure you're really close, and she has ALOT of patience.

You'll also be moving around alot. If you are on the Reg Force, you will most likely spend your time on a base, and can move as frequintely as every year. (At least here in Canada)

Yep, i can remeber when i was 5 and my dad was in the Navy... huh, sorry, flashback. lol
