As long as people are free to say, I don't like it, I don't care why, I prefer the game as it's been for 7 years and not be talked down to.

Even if people tried to defend it with reason, and were proved wrong, they're still entitled to their opinion.

I didn't tell people who play my servers what to like. I put the fix on, tried it for well over 6 months, and as much as I preferred it, public opinion was the opposite, massively.
