Nukelt15 wrote on Fri, 25 December 2009 20:58System Shock 2. That's a hybrid FPS/RPG for anyone who isn't familiar with it; came out around the same time Half-Life did. To date, it is the only game that I actually maintain an entire computer for. I didn't buy a computer specifically for the game, I just held onto the computer after replacing it because the new system wouldn't run it. Never played SS2, so I'll go with Deus Ex.
