HaTe wrote on Fri, 01 January 2010 09:51: It'd be dumb if the lights headed towards the covered med in the first place, they'll be picked off faster, and won't be able to hit you with every shot. If the light tanks were experienced players, they would go for the tank most in open in the first place..

Obviously, but we can assume this is in a situation where the enemy team is retarded enough to head out with only 4 lights...
