Sladewill wrote on Sun, 10 January 2010 20:09 and you've never done anything illegal, or the ppl that edited the ren net code? in the way ren-x is a rip off of renegade anyways, ren fights back. The Renegade X team has every right to make their mod. They have the green light from Electronic Arts. They also have a green light from Epic Games to make it standalone.

So I don't know what you're talking about.
