I've done that to, now I'm going to make a video of what i have done to prove that I've done it.

and I'm not trying to be an ass I'm just getting frustrated with it not working.

it would be faster for you to download it then for me to try and upload it to youtube, so here is a link to it.

Edit ok its uploaded now if you have quick time plug in you can watch it on the web.
