I dont even want to call that 'widescreen'

No, that's 4:3, 16:10 is 1680x1050 or 1920x1200 for example.

1600x1200 would look good on ren right now though.

Yea indeed you are right xD

As renegade was made for 4:3 it will be perfect on it ofcourse

16:10 isnt that bad but 16:9 is really stretched D:
