Reborn, I full understand where you're coming from, and I understand that my view is not right, and is indeed sexist. But it's one of those things that I have been taught to believe all my life, and it would take time to truly adjust my thinking. Although, I do have to credit you with opening my eyes up to this close-minded thinking society is taught to believe is right. I guess I never really looked at the way you do. I truly mean it, too.
