I'm not sure if this has been brought up already.

All 1000 characters have additional suits they can wear, perhaps if its possible could there be a couple of costumes skins added to that?

Then those skins would be included in the patch so everyone has them.

An idea I had to promote your team a little to make some kind of Tiberium character pack. With your logo on the arms of the characters and a different suit, I would love to make that for you.

This can be possible because this is going to be an auto patch right?
