Forget Splinter Cell, that looks lot more like Metal Gear Solid(when it comes to gameplay).

Though I doubt they would have been able to make as good story.

After playing Metal Gear 4 Online, I realized that if renegade had similar gameplay, it would not be very different from what it is today, except it would be lot more tactical.

Looks like this trailer ended up just like the old Tiberian Sun trailer which was part of the trailers in shown Tiberian Dawn, if my memory server me correctly. Or was it in Red Alert 1? I can't remember now.

I mean the trailer that shows Tiberian Sun as a third person shooter just like Renegade.
