...you came to that conclusion because you're not allowed to use the n-word?

Black people, forget about being the poorest, least educated, most imprisoned racial group in the US, forget about having the lowest life expectancy and the most diseases and single mothers. Until you stop holding the white man down with your n-word supremacy, your little problems are meaningless!

I wonder if I should feel bad about laughing at blacks claiming that most whites still are closet racists, but then I remind myself of the intellectual and social capacity of the average Renegade player. It's certainly interesting to find out how these little minds work, tho.
