Also, massively spread false spam. I'm not a big fan of Obama, but it irritates me to see emails shooting around showing "proof" that he's doing horrible things behind the scenes. Show me a president that hasn't done horrible things behind our backs (within the last 20 years) no really i'm curios this isn't me being an ass for once

Oh, I agree. I wasn't saying Obama did so, I was expressing my annoyance at those hastily-spread and often untrue rumors.

Here are two (non-president-related) ones where the person spreading the rumor acts all horrified at why so-and-so would do this and how so-and-so should be shamed and blah blah... but the rumor turns out to be utter BS:
