I was reading Destructoid's review of the game (30% rating) and was amazed that you have to 'level up' in order to unlock units and perks...

In an RTS? Seriously?

That means you're screwed down the line in later missions because you likely won't have the needed units to counter the enemies new toys. What idiocy.

The modern RTS tries to be all things to all people. This is why SC2 will be such a success amongst RTS players and such a failure amongst WoW players, who will think "WHAT IS THIS I DON'T EVEN..."
