Either way I doubt I'd be a target, I'm not that interesting a person haha

Sad when things like this happen but I don't take sides since I'll still get along well with players from both communities, regardless of which servers I choose to play in.

I just hope the administration of either community doesn't have hard feelings towards players who choose to play on competing servers... That would be wrong, and I'll probably be playing on both servers since the community is split now.

PS: There's nothing wrong with working at McDonalds, everyone has to earn a living their own way.

you're far too level-headed to be posting here
