Atomix split because Xpert took action Shai...it's not like you decided to leave. You were forced out, and then couldn't take it, so had to complain here. Yet i'm the ignorant one.

I'll stop posting as soon as you stop putting my name, or directing posts towards me. No cheap shots, just pm me if you really want to argue privately.

You are a fucking retard. He was planning to leave. Why do you think we had the site irc ts and servers up before xpert knew anything? You don't know what the fuck you are talking about so gtfo and stay out.
