Go ahead and ban me Goztow. What is keeping you?

ps: check my new signature.

You didn't really post PLECOS on these forums. You simply linked to PLECOS.

But I believe I am wasting my time here, responding to this. It's like talking to a brick wall. I thought it was a better idea to post a link of a plenty of plecocos instead of a single one.

If I am not wrong all those topics and posts mentioned are within the borders of "spam fest" section of the forums. if moderating all those posts are pretty much hard for you goztow, maybe you should just let CarrierII handle them; since he is the one who splits topics and edits posts in a random and insincerely way, then gets away with it like he didnt do anything childish at all.
