Lmao! Negative, I'm alive and free. I just ran into a few "road blocks" here recently. Things happened pretty quickly so sorry I didn't really have the chance to say anything to anyone about my leaving. Unfortunately, it will be some time, a few weeks or so before I can get back in game with you guys. I'm looking foward to it immensely.

Just wanted to let you guys know, if you were still around that I'll be back most definitely. Someones gotta school you nooblets. Lots of fun guys.

Blink and Redo still around? Saph?

Really miss it guys.
