I pity the person who tries to take an Iphone on a hike, or adventure trail, or even running, TBH.

I refuse to buy the Iphone because EVERY time i go outside (more often than you people would believe) i drop my phone at least once... also glad i don't have an Ipod (i use a psp) because i've droped my psp 100s of times hell it cant even read a CD(or whatever the name of the cd thing it runs) anymore
