XaVe wrote on Tue, 20 April 2010 20:16i am a 3d modeler, i use 3dsmax 7,8,9, and 2010. i have some mechs made already. i am also on a dev team for a mech combined arms game using UDK. i could make the models for you if you like. let me know if you want to see my photobucket album and i will PM you the link. i do not know the rules about posting links for this place. i would love to help get some mechs into a mod for this game. let me know if i can help you with anything.

BTW i think i just found your roleplay2 site. its a nice one. reading up on it now.

Good to hear, the mod is pretty demanding though hardware wise (seems a lot of our players only get 5-10 fps >.>).

We are planning to release 2.03 before the end of the week, should fix a lot of issues that 2.02 had.
