you guys paid for those shity maps lol. Once again your a fucking idiot you have no idea what your talking about. I would never use those shity maps when I can make my own. the reason you guys are still using those maps is because reload didn't want me to change them. Stop crying about the registration I gave a mod the passwords and names. I would of gave you the passwords but your a dumpass and banned me right on the spot didn't even question me. I asked why i got banned you told me to fuck off and I got zlined a few minutes later, Nice modding bro. Have fun driving tmx into the ground.

Dumpass

"A little regional slang, describing a person of enormous stupidity and limited verbal acumen, combining "dumbass" with the fact that every time they open their mouth they take a proverbial verbal DUMP."
