All bar one result now declared - major parties seeking to form a coalition gov't, not likely to last IMO.

Danpaul is correct, the system is completely flawed, to make it worse, the Lib Dems (despite losing 5 seats) gained 1% more of the popular vote, whilst Labour lost 6.2% of the popular vote (compared to 2005). The Lib Dems are currently very short of the number of seats the populace thinks they should hold.

I hope there is another election. This will never last.

I voted Lib Dem, incidentally.
