Skip the paint, and do this instead:

<http://www.autoblog.com/2010/04/26/how-to-murder-out-your-ride-for-just-120-in-y-our-garage/>

Seriously. Throw on a set of cheap, black ralleye wheels and you'd have the most ratted out car in a thousand miles. Besides the awesome looks, the vinyl will also absorb small dings and nicks.
