I did not intend to post here initially, but I wanted to avoid people to draw invalid conclusions from what Spoony said about EWD and the private discussion, since I have more information on that than people without access there. You can be very thankful, for TT's sake, that most people don't have access there. EWD can invoke the majority of TT's opinion on his side if he likes, but let's not kid ourselves... if it was a question of the overall Renegade community's opinion, well, sparks would fly.

i suppose i shouldn't have used the word "point". it wasn't the end, it was the means.

take a good look at what's just happened here, stealtheye. if you still think EWD doesn't have anything to be ashamed of, then i gravely question your judgement.
