all you need now is Chris Crocker in the background saying "LEAVE HER ALONE!" with 'EWD' on his shirt

Nice one

Call me evil, but if I saw him irl, i'd do ALOT worse than that.

I'm a calm open-minded type of guy, but people like 0x90 jus makes my blood boil.

Guys stop bashing spoony, he's giving his opinion's which, like everyone else, he's entitled too.

This topic is about 0x90, don't forget it.

EvilWhiteDragonAnyway, just to shed a little bit of different light on 0x90> we're talking to him and well he's planning on giving us privately the source of rgh, so we know exactly what it does, now aren't you 0x90? I highly doubt he'd do this. But now I see why Spoony is so enraged, the people we're trusting to create TT will take the chance of giving certain files to 0x90 in order to get the source for 'blabla' jus my opinion.

Yeah okay, him giving you guys the 'blabla' source would be awesome, so you could patch against it in TT easier but let's not forget this is 0x90 the guy who hacked RG and created cheats that destroyed several communties (owners cheating),cw.cc. I fail to see how you can trust him or hold him in any high regard.

If he did indeed give you guys the source, then that's a step in the right direction, but let's not forget. 'Once a cheater - always a cheater'.
