Thanks buddy, your structured criticism is well appreciated. We're beaming with excitement.

Just FYI, if it wasn't for all of our testers, TT would be a near-useless endeavor. If we have a tester that is a "faggot", I take no hesitation to give them all shit possible for it. But since you're not a tester and don't have access to our internal forums or the TT internal forums, I daresay you're the faggot who quite honestly has no bloody goddamned idea what is going on or how much our testers do in the first place.
