...Except MW2 players consider MW2 to be a deep, innovative, and astounding game that is the best thing to have ever been made.

But so goddamn many seriously think it's the best fucking thing ever. It's not.

Also, I'm not against quick, simple, easy entertainment. But when it comes to FPS's, it's pretty fucking terrible. It just feeds off of the basic hormones of every teenaged guy.

FPS's, to me, should be limited to horror stuff. It's a perspective, not a genre of HURF DURF I SHOOT U FIRST LOL I WIN multiplayer bullshit. Or, rather, it SHOULDN'T be that, but it seems to have become that.
