
Subject: Retrieving pass from a nick on other serial

Is this possible? I want to play Renegade again, yet I don't know the pass of my main nickname "DutchNeon" anymore. After trying to find out if it was saved on my First Decade serial, yet sadly it wasn't (thus it's saved on my original Renegade serial).

Tried to guess the pass, but sadly haven't found a correct one. Would it possible to switch serials (I still got both serials) just to find out what pass it is without reinstalling Renegade?

Edit: Going to try V00d00's serial changer.

Edit2: Great. Apprently lost the serial (Well, I can't find it atm) :<
