Ahh the end is near were all gonna die..... fricken wierdo, if you are a 12 year old boy who has just looked at some sites and are so gulible that you belive what they say i forgive you, but listern i am i am sure many others in this forums could make pictures like that to scare little boys but we dont its just sad. If you are part of some cultist if the end of the world is coming then why dont you just end your life to put yourself out of your missery and do us all a favour.
