They're quite different, a majority of the time.

There are those who overlap, but it's the same with gamers & anime fans, as well as gamers & furries.

The point behind this is they are all fags who have no life?

much like a cheater (according to these forums and everyone else who is not a cheater) i accept my no life ness but refuse to accept faggotry

Exactly.

Gamers

Anime Fans

Furries
