I normally backup my Ren folder each time I format, but this time I didn't. Now I'm looking for this HUD:

The basic HUD, but with green Tiberium etc. I normally could only find it on Ren Archive (which I always used it for) but Ren Archive is no more (the site at least).

I can't find it on CnCDen, CnCPlanet, Renegadeskins etc, so I wonder if some1 still has a copy of the HUD file or has a source where I can download this HUD.
