I had a younger sister I'd have done the same. Face facts men at that age aren't interested in feelings especially if the girl is younger, shes not mature enough as well. she lacks experience therefore is an easy target. Don't give a fuck what anyone could say, any 20 year old with a barely legal girl is one dirty fucker to begin with.

I'm not talking out of free thought here, I'm talking from experience, I've known girls at my age 16-17 getting fucked about by 21 year old guys with girlfriends or just playing girls like a game of cards. The times I've spoken to a guy who's that age saying hes got some 16 year old girl, always says its for the sex with no indication that theres more to it. They always lie too. Guess it's what men are great at, making girls believe we have expectations and shit, That chances are that guy was taking advantage.

The thought of it makes me rage. Get someone your own age you pathetic prick.
