What servers should do is stick to what they are good at and absorb the rest in that category. An example is us and Jelly. They kick our ass at marathon but we dominate them at AOW. So we should focus on AOW on and they should focus on marathon only. But as Jelly is so happy to admit he doesn't care about Renegade.

It's the "absorb" part that doesn't sit well with most. Losing their own identity. But you're right, it's their own ego getting in the way.

It really doesn't matter though because the people in place to do something about it are more interested in drama than the good of Renegade. No one actually gives a shit about this game so long as they can cause some drama or boost their ego.

In large, you're probably right. However, not everyone is the same.
