What servers should do is stick to what they are good at and absorb the rest in that category. An example is us and Jelly. They kick our ass at marathon but we dominate them at AOW. So we should focus on AOW on and they should focus on marathon only. But as Jelly is so happy to admit he doesn't care about Renegade.

It's the "absorb" part that doesn't sit well with most. Losing their own identity. But you're right, it's their own ego getting in the way.

I know Crim used it but I don't like the word "merge" in this instance. It implies a partnership or joined ownership. That isn't what would happen because the servers were talking about have nothing to offer.
